\* New Arrival At Zoo \*

~~~~~  
Moonglow Zoo has
welcomed a new arrival
this week, a rare Blue
Sphinx.

Zoo keepers have dubbed
the creature, Azul, & are
thrilled (if a little
terrified) about the
newcomer!

'Ee's a biggun, ee is.'
said Iakas, the resident
Zoologist before shooing
away a family standing a
little too close to the
fence. 'Wanna lose an
aurn? Get back from
that there fence if yeh
knows what's good for
yeh!'

Azul's original habitat was
the desert. Thusly, his
enclosure has been fitted
with extra heating
lanterns, dunes & dunes
of sand & even some
prickly catcus. He seems
to feel right at home
roaring & eyeing the
zoo keepers.

The Blue Sphinx is an
exotic creature & highly
intelligent, thus making it
hard to capture. Moonglow
is the first zoo in our

lands to lay claim one of
these animals.

'Ee gave us quiet a fight,
ee did. We lost a couple
of our best men bringin'
em in.' Iakas remarked,
looking warily at the
Sphynx. 'An now dat we
got em, I don't rightly
know what we intend to
DO wit eem.'

But the citizens of
Sosaria know just what
he's for, as they line up
to gawk at the furious
monster from open to
close. So head on over
to the Zoo this weekend
& see the what all the
fuss is about! & I bet
I'll see you there!

See you around Sosaria,
Citizen! Adelaide
